MINUTES FOR LMSC DIRECTOR'S MEETING

May 5, 2017

In attendance: Board Members Howard Burde, Chris Yanney and Biff Sturla (President)

1. Raising funds to acquire outside fields.

In order for us to be better able to compete with other clubs, we will need to have access to more turf fields. It is our hope that we will be able to eventually get our own field. For use to be able to rent more fields or possibly purchase land to build our own fields, we will need to increase our revenue stream and look at ways to reduce our expenses.

A more thorough discussion of this will need to be held sometime in the near future. We will discuss specifics of how we can increase revenues and how we can reduce expenses.

2. Our intramural program signups are shrinking while our travel team program is growing

We currently have the more travel teams than ever before. More and more players are interested in playing at the travel team level. We have a lot of coaches, all with strong soccer backgrounds who are interested in taking one or two teams.

This will require us to rethink which fields get used for travel and which fields get used for intramural. A discussion took place about how we are currently allocating fields and how we will do so in the future. This applies to both the fall season and the winter season. We will also need to get more indoor time for our travel teams during the winter months.
