### PARENT AND SPECTATOR CONDUCT

The one thing we get more complaints about than anything else is the conduct of the parents and spectators on game day. While we appreciate that parents care about their child's soccer, we need to discourage parents and spectators from acting in ways that bother the players and other spectators. Please keep in mind that this is not the National Football League. Rather, this is youth soccer and it is played for the enjoyment of the players.

All parents and spectators are asked to adhere to the following:

- Do not yell at the referees. Would you want people yelling at him / her if the referee was your child? Most of the referees will be 11-15 year olds. Many of them were playing in your child's division not many years ago. In a few years, your child might be working for us as a referee. How would you want your child to be treated by the spectators?
- Please do not shout out instructions to the players while they are playing. The coaches are trying to teach the players to THINK on the field and make quick decisions. Well-meaning parents who shout out instructions to the players hinder thought development and decision making. Please, let the players make their own decisions. Spectators shouting out instructions to the players hinders their ability to have fun and hinders their ability to make decisions on the field ... you are NOT helping them at all.
- Positive encouragement and cheering for ALL players is welcome and encouraged. The main thing that your child wants from you is support and encouragement. Please be positive so your child can have a fun and memorable experience each week.
